Performance of the construction sector

The value of construction work done grew by 8.1 per cent year-on-year basis to record RM32.6 billion in the fourth quarter 2016. Growth was driven mainly by the Civil engineering sub-sector. While, on quarter-on-quarter basis, the value of construction work done increased by 2.0 per cent as compared to the previous quarter. The performance of the construction sector is depicted in Table A.

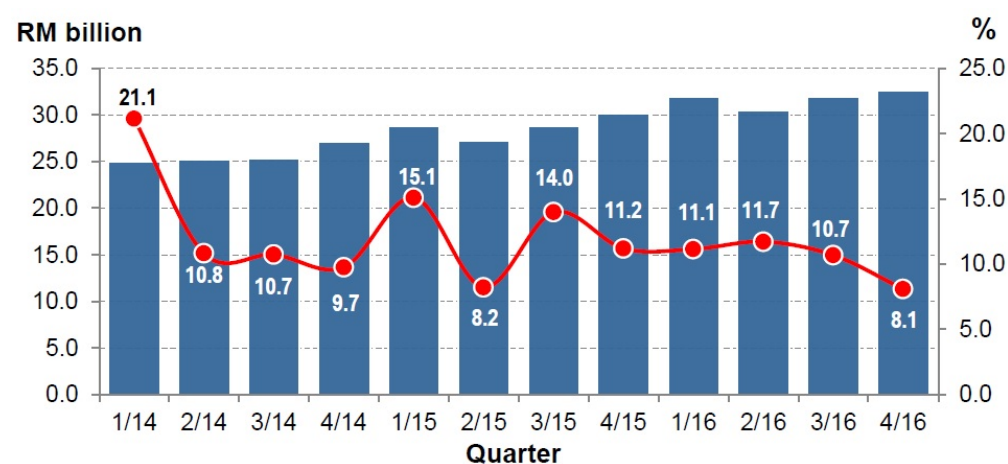

Table A : Performance of the construction sector

Quarter	No. of projects *	Value of construction work done (RM million)	Percentage change (%)	
			(QoQ)	(YoY)
4/2016	9,791	32,560	2.0	8.1
3/2016	9,725	31,910	4.9	10.7
4/2015	10,230	30,129	4.5	11.2

* The number of projects refers to the cumulative active project in the quarterly construction survey. These include for ongoing and new projects registered with CIDB.

The construction sector continued to record a positive growth since the first quarter of 2014 as shown in Chart 1.

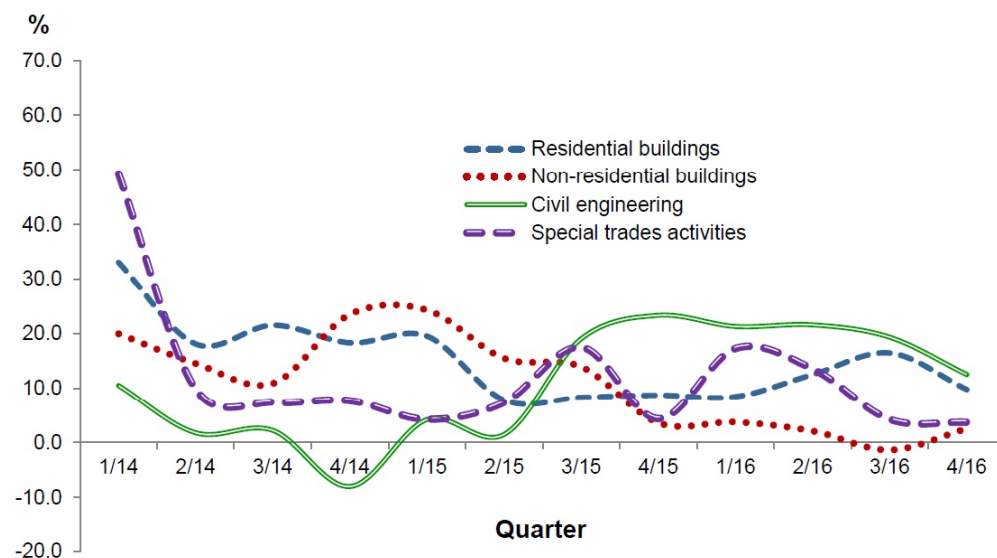

Chart 1 : Value work done and annual percentage change, Q1 2014 - Q4 2016

Construction by type of activity

The highest growth was contributed by the Civil engineering sub-sector with 12.5 per cent, followed by Residential buildings (9.8%), Special trades activities (3.7%) and Non-residential buildings sub-sector (2.5%) in the fourth quarter 2016 (Chart 2).

Chart 2 : Annual percentage change by type of activity, Q1 2014 - Q4 2016

The Civil engineering sub-sector contributed 35.3 per cent to the total value of construction work done, followed by Non-residential buildings (30.6%), Residential buildings (29.5%) and Special trades activities (4.6%) as shown in Chart 3.

Chart 3 : Percentage share value of construction work done by type of activity, Q4 2016

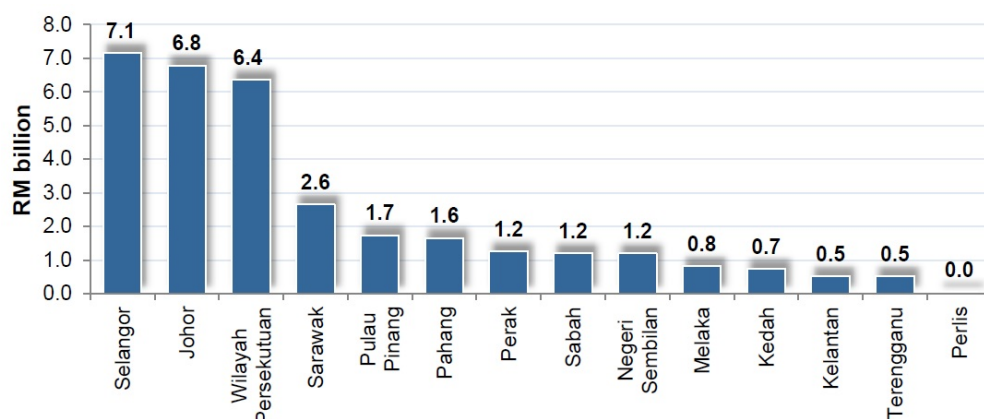

Civil engineering	Non-residential buildings	Residential buildings	Special trade activities
35.3%	30.6%	29.5%	4.6%

Value of construction work done by location of project

Selangor recorded the highest value of construction work done of RM7.1 billion or 21.9 per cent share among the states. This was followed by Johor, RM6.8 billion (20.8%); Wilayah Persekutuan, RM6.4 billion (19.5%); Sarawak, RM2.6 billion (8.1%) and Pulau Pinang, RM1.7 billion (5.3%). The contribution of these states accounted for 75.6 per cent of the total value of construction work done as shown in Chart 4.

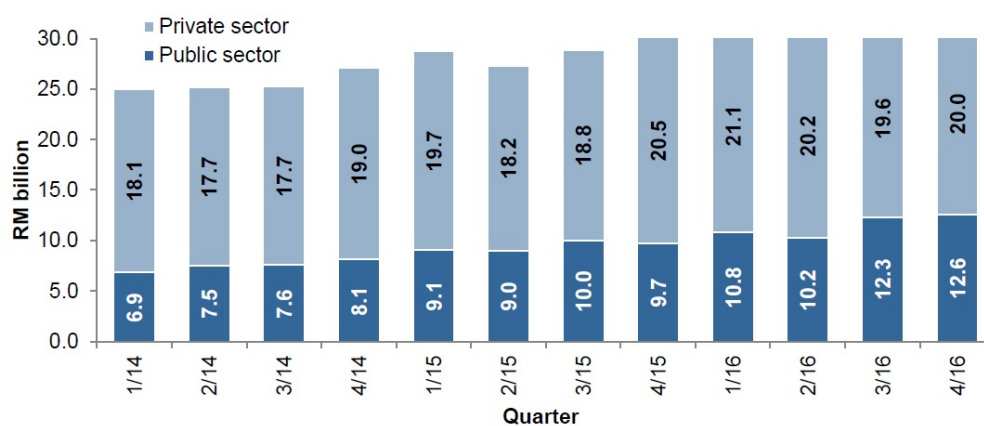

Chart 4 : Value of construction work done by location of project, Q4 2016

Construction by project owner

The value of construction work done continued to be dominated by the private sector. The private and the public sectors recorded RM20.0 billion and RM12.6 billion respectively in the fourth quarter of 2016 as shown in Chart 5.

Chart 5 : Value of construction work done by project owner, Q1 2014 - Q4 2016

*Notes:

Data for fourth quarter 2016 is provisional. The data will be updated based on the latest available figures and subsequently published in the publication first quarter 2017.
